Lara,
the world-renowned
archaeologist and
adventurer, had
just returned
home from her
latest adventure
when her cell
phone suddenly
rang!

WHAT!?!

The tomb of Hedju-Hor
was found?

Yes, come
quickly!

I'll send you the
coordinates!

Nobody else knows about
it yet so
we have to
act fast!

Lara immediately
set off to the
coordinates she
was given.

Yes, I'm already
on my way...

I hope that it really is
the tomb of Hedju-Hor,
that would be an
incredible find!

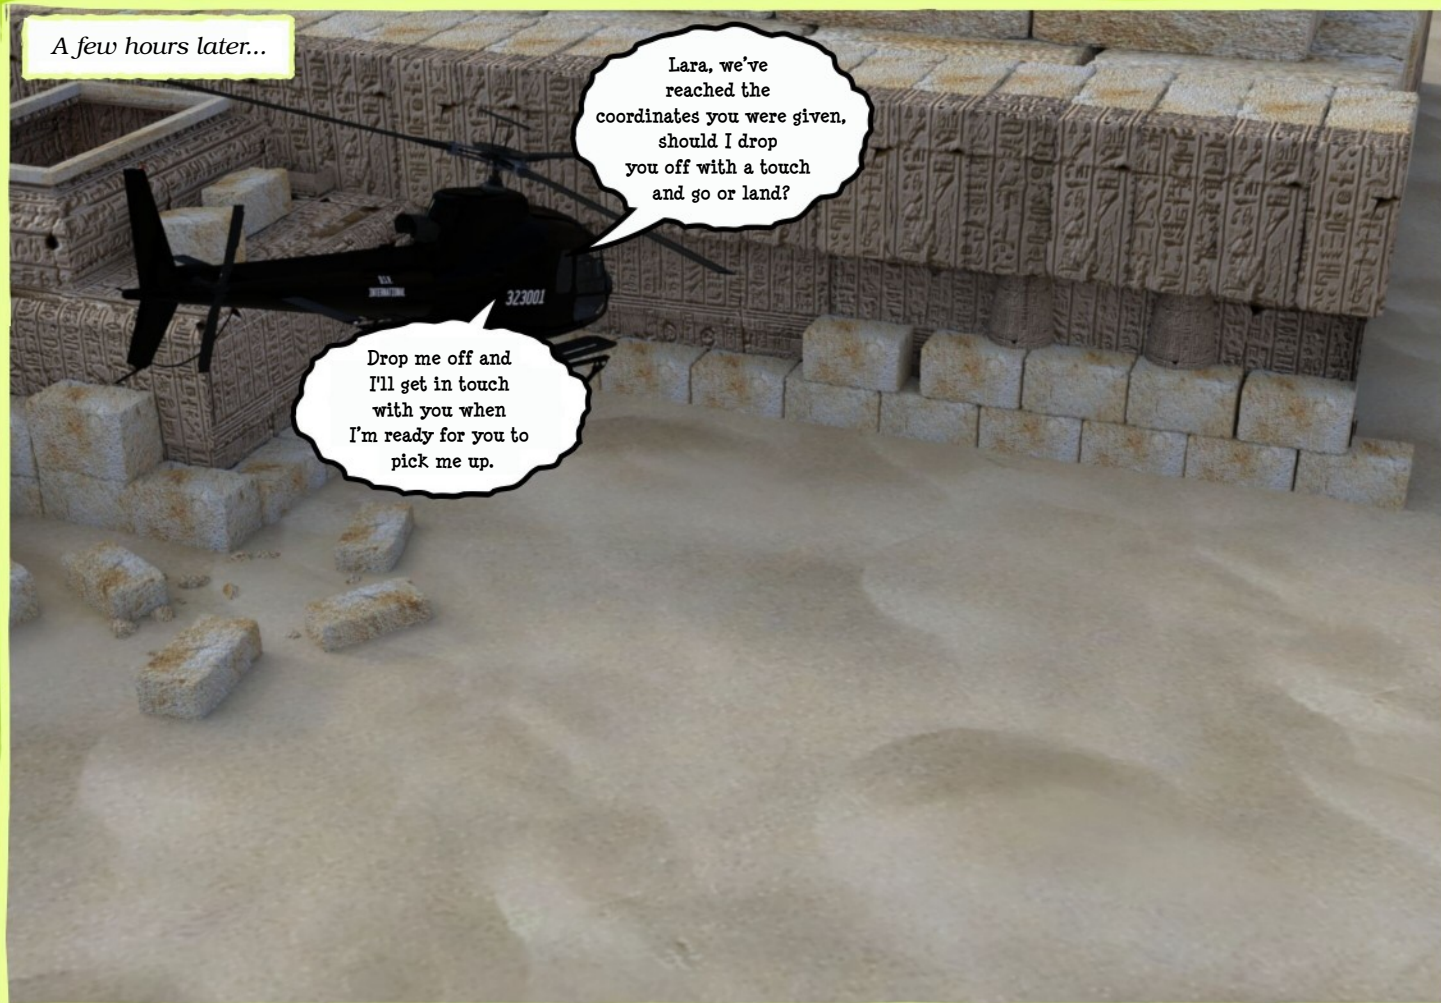

Please take care Lara!

Don't worry, this
isn't my first tomb
after all, it probably
won't even be
much of a challenge
for me at all!

A few hours later...

Lara, we've reached the coordinates you were given, should I drop you off with a touch and go or land?

Drop me off and I'll get in touch with you when I'm ready for you to pick me up.

Perfect, thanks for dropping me off, we'll stay in touch.

Okay Lara, good luck!

A few hours later...

Oh my god,
I'm so dizzy!

Where am I and why is
it so hard move?

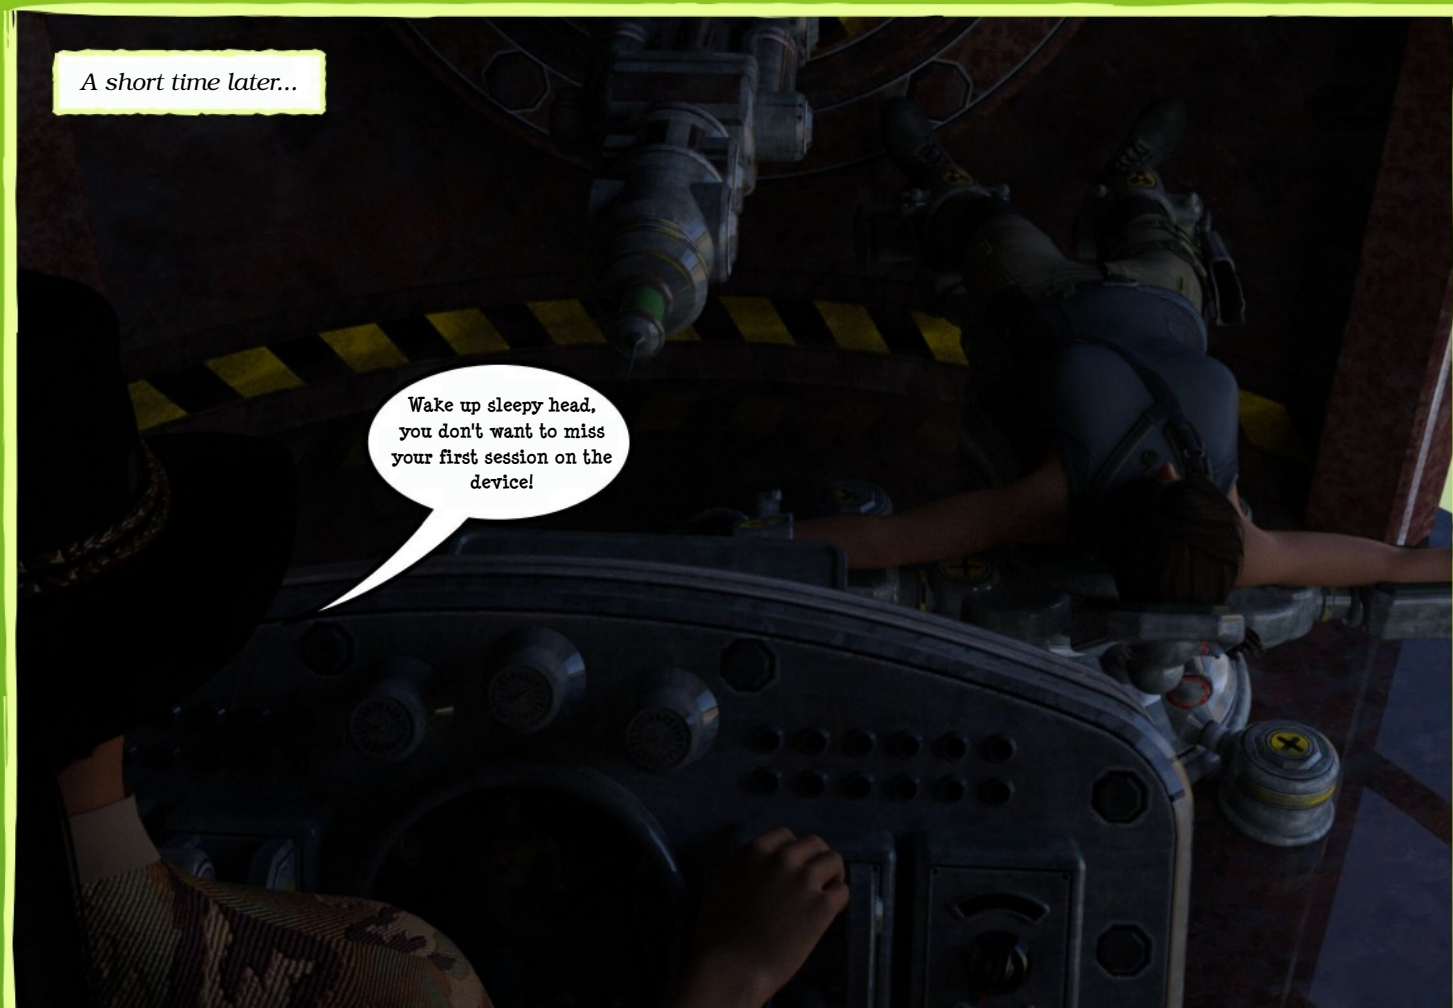

HELP

Unfortunately for
you the time to
scream for help has passed
Lara!

But it is time
to introduce you to
the device.

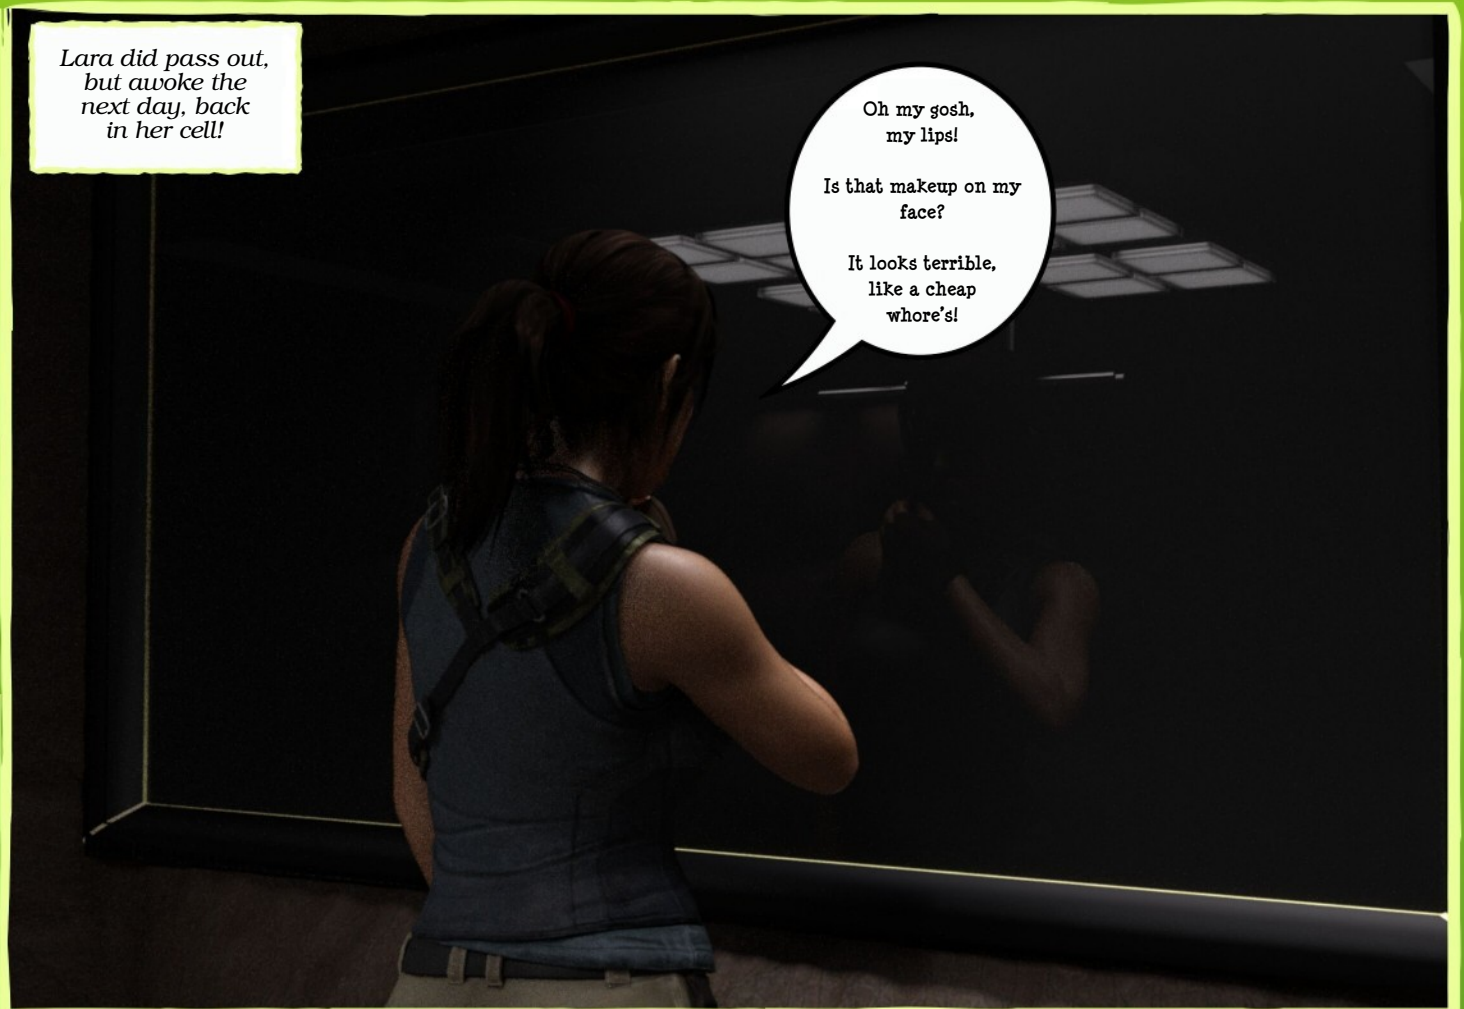

Oh no,
what is this horrible
device doing now?

I can't move or it might damage my
eyes, but it stings so badly...

It's so painful I think
I'm going to pass out!

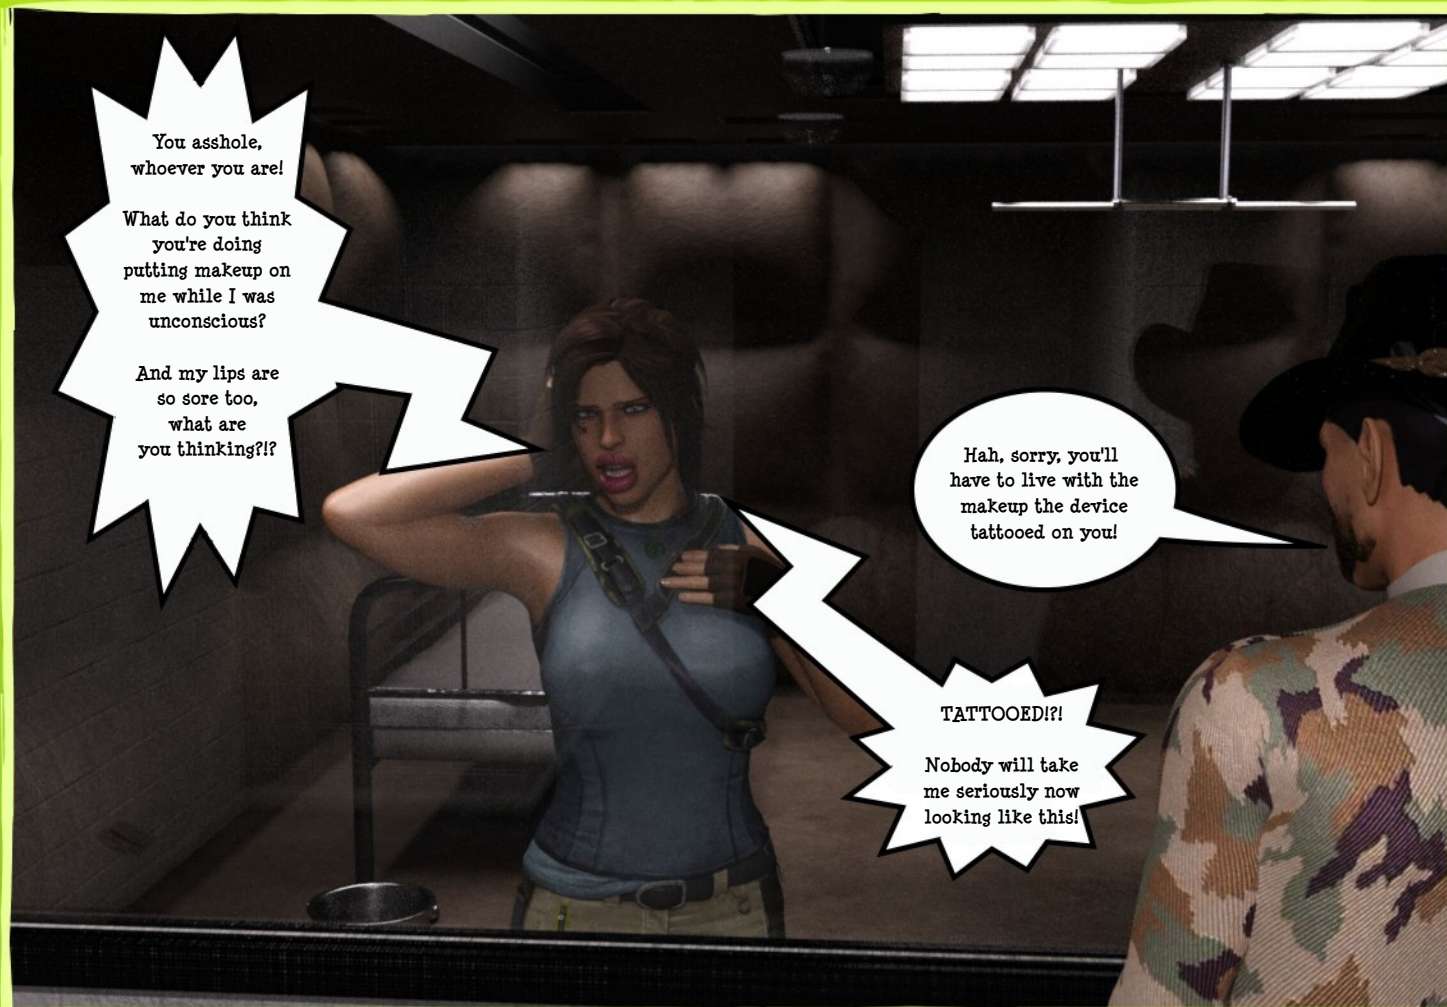

*Lara did pass out,
but awoke the
next day, back
in her cell!*

Oh my gosh,
my lips!

Is that makeup on my
face?

It looks terrible,
like a cheap
whore's!

You asshole,
whoever you are!

What do you think
you're doing
putting makeup on
me while I was
unconscious?

And my lips are
so sore too,
what are
you thinking!?

Hah, sorry, you'll
have to live with the
makeup the device
tattooed on you!

TATTOOED!?!

Nobody will take
me seriously now
looking like this!

What the hell is that
asshole doing to me?

He's disfiguring my face and I
can't do anything about it.

What's going to happen next?

I don't even want to think about it!

Oh no, not the gas again!

The device injected
Lara with a drug
that caused her
muscles to shrink
and fat to
accumulate in
desirable parts of
her body!

The pain was so
great that Lara lost
consciousness
again...

The next day
when Lara
awoke, the drug
had done it's
job!

Why do I feel
so weak now?

OMG!
I almost can't get up with
these huge things!

Next, Lara had a compound injected into her feet to shorten her tendons, making it so that she would need to wear high heels to walk from now on!

When Lara awoke the next day, two presents were awaiting her!

And that outfit is
no better!

It's like something
you'd see a cheap
whore on the street corner
wearing!

I'd better get up and
see if there is
anything else he
left for me.

What the...

A comic panel showing Lara Croft lying on her back on a dark, textured floor. She is looking up with a frustrated expression. To her left, a pair of purple high-heeled shoes and a silver bucket are on the floor. In the background, there is a dark, curved structure, possibly part of a vehicle or a piece of machinery.

Sorry Lara,
unfortunately
for you, the
device has shortened
the tendons in your
feet so that you can
no longer stand or
walk on flat feet!

But since I'm such a
nice guy I've given
you new shoes so
that you can walk...
and even a
matching
outfit to wear!

...FUCK!!!

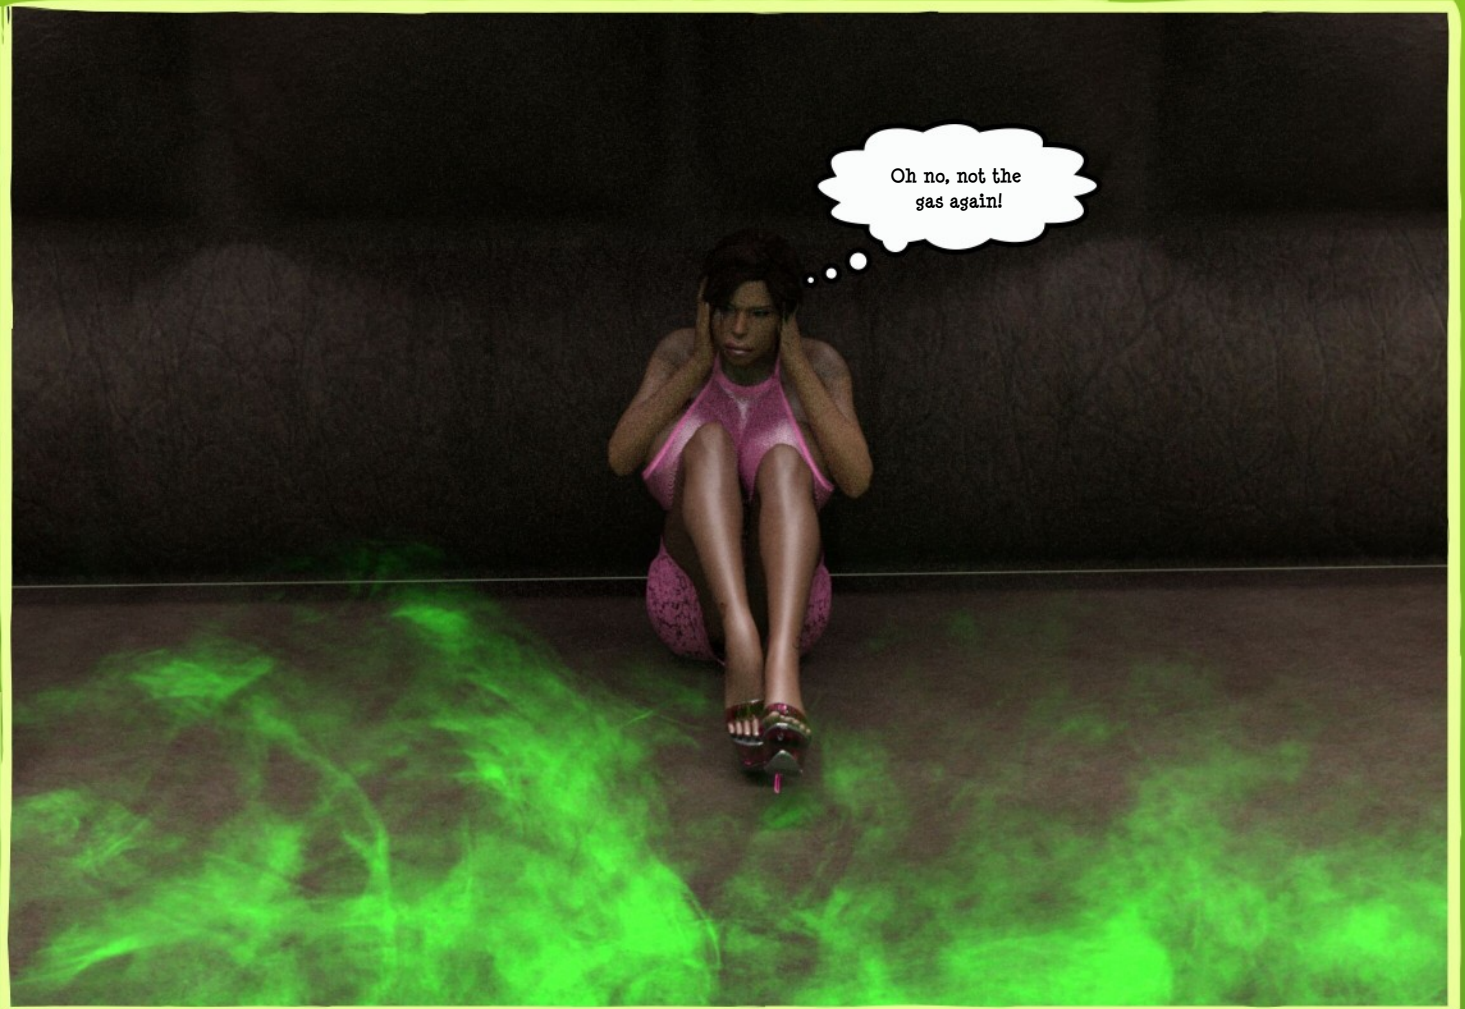

A comic panel showing Lara Croft sitting on the floor, leaning against a dark, curved structure. She is looking down with a sad and frustrated expression. She is wearing the same purple high-heeled shoes as in the previous panel. A speech bubble is above her head.

Fuck you asshole!

I've never worn high
heels like this before,
but now I guess
I have no other
choice.

I've never worn high
heels like this before,
but now I guess
I have no other
choice.

OMG what's
going on with my
head?

It feels so naked!

What's wrong with
my hair?

My dear Lara,
the device removed
all your hair while you
were unconscious,
but don't worry, your
baldness won't last
long...

What do you mean
baldness!?!

You can't be
serious...

...ahhh! What's it
doing now?

A growth formula is
being injected into
your eyelids so that
your eyelashes will
always be nice and long
and full.

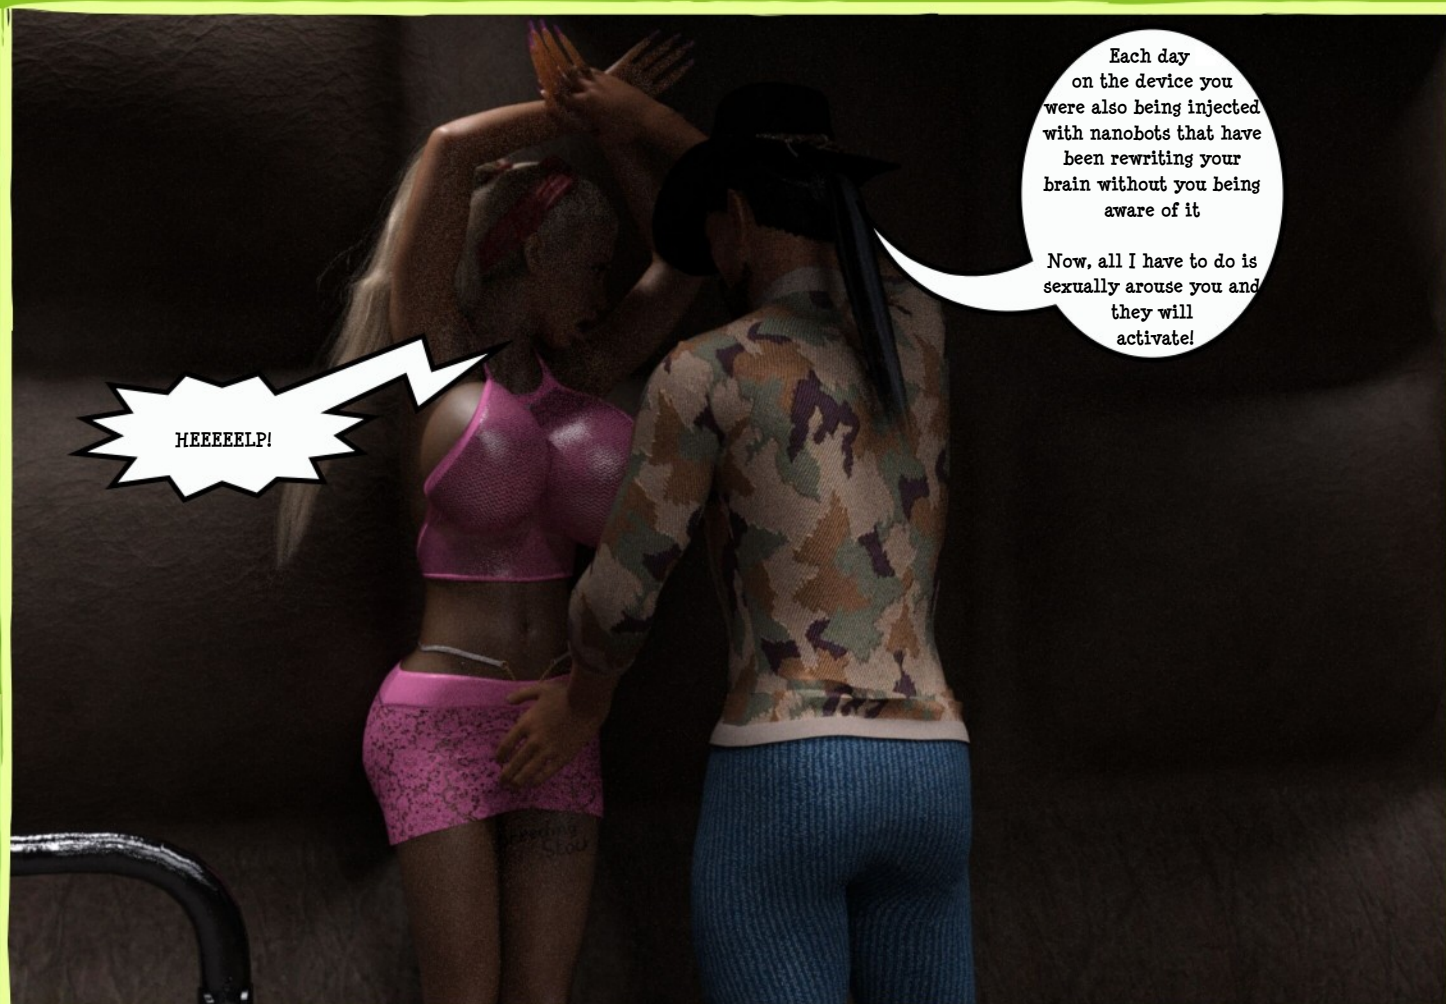

WHAT? YOU!!!

I should have known
you were behind this!

You've always been
resentful because you
just get the
scraps I leave
behind!

True, you've
always beaten me to the
best finds in the past, but
I don't think that will
be the case now...
hahaha!

HEEEEEELP!

Each day
on the device you
were also being injected
with nanobots that have
been rewriting your
brain without you being
aware of it

Now, all I have to do is
sexually arouse you and
they will
activate!

Oh no, I no longer
have any control
over my body!

Oh yes Daddy,
keep going,
bitch Lara likes it!

Come on Daddy,
fuck your
little BIMBO slut!

I can't stop myself from
acting like a complete
slut!

Sounds like a great
idea Lara, in fact I'd
like nothing better than
to do just that!

Thank you my
friends and see you
next time!
